

ITEC.BAR™ BUS DUCTS

REFERENCE LIST «OIL AND GAS»

E.ITEC® designs, manufactures and installs LV and HV bus ducts specifically adapted to the different requirements of oil and gas industry. ITEC.BAR™ bus ducts can be proposed in cast resin or insulated by air technology, with dielectric and anti-corrosion protection of conductor bars, degree of protection till IP 68, etc.

Some references:

Country	Customers	Project	Market	Installation	Intensity	Degree of protection
India	Comeca EBT	«Larsen & Toubro LTD Mumbai»	Oil and natural gas	Booster compressor platform project	4000 A	66
Yemen	ABB	Yemgas	Pumping gas	LV Substations	5000 A	31/65
United Arab Emirates	Comeca EBT	«FRADE FPSO Chevron»	Petrol	Drillship	4500 A	68
Jordan	GTIE Major Projects	Rehab	Tanker industry	LV Substation	3200 A	54
Korea / Danish sea	ABB	Dong Technip	Hejre Platform EPC Project	5 busducts	3200 A	55
Algeria	ABB	Algiers Refinery Rehabilitation	Refinery	22 busducts for LV substations	«2000 A 2500 A 3200 A»	55
France	SOTEB	Total Feyzin - P42	Refinery	2 bus ducts	3200 A	31
France	INEO MPLR	Montpellier	Methanation	2 bus ducts	3200 A	31
France	EIFFAGE ENERGIE	«Total CSTJF Pau»	Expertise center	1 bus duct	1800 A	55
France	Hazemeyer	INEOS Chemicals Lavéra	Refinery	1 bus duct for RBIS substation	4000 A	55
France	TECHNIP	Total Carling St Avold	Production of petrochemicals intermediates	2 bus ducts for resins C4 unit project	4000 A	55
France	Société du Pipeline Sud Européen	Marine terminal of Fos-sur-Mer	Transport and pumping of crude oil	3 LV substations bus ducts	2500 A	31
